Sorry Ali have been busy as usual.

The consensus of the Club are in full agreement that a new village hall is a definite requirement.

As regular users of the Hall for our meetings etc. We have noted the deterioration of the building over the past few years. We have been grateful for the improvements that have been made but believe them to be more cosmetic than a lasting solution thus draining the financial position of the hall where costs could have gone to a new build fund. Rules and Regs.etc...

We need the strategy of fund raising to commence forthwith(if not already in place) incurring the whole of the population of Whimble. This to be a facility for all activities in all age brackets.

There seems to be a more concern for School requirements,surely that would be for the Education Authorities to deal with.We are looking for a New Village Hall for the residents of the Village,infancy to retirement.

Re the siting of the hall,obviously land would be required conducive to the designs of a new build. A rebuild on site might suit but parking and road traffic can be a problem as at now. Other Village Halls seem to exist on the perimeter of their bounds and do not appear to detract from their positions.

We need a New Hall wherever.

Hi Arthur

This is a polite reminder that this is the final day for you to send a reply on behalf of the Over 60's about the future of the hall. It is really important that we get an opinion/view from all our regular users.

I look forward to hearing from you.

Many Thanks

Ali
